

PANTA REI TELE-T

telescopico a trascinamento/dragging telescopic

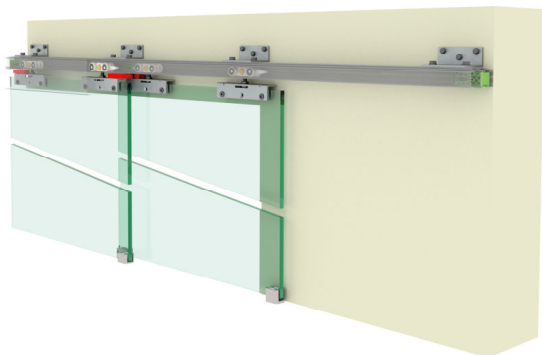

PANTA REI sistema per porte scorrevoli a due e a tre ante telescopiche con movimento a trascinamento, con e senza vetro fisso, per fissaggio a parete e a soffitto
Utilizza il sistema di profili modulare rotaia-fermavetro-copertina PANTA REI
Il movimento a trascinamento consente l'apertura e la chiusura di tutte le ante scorrevoli in successione agendo sulla maniglia
Disponibili differenti kit, con e senza foratura del vetro

PANTA REI dragging telescopic motion system for two and three sliding doors with or without fixed glass, for wall or ceiling fixing
Uses the PANTA REI modular sliding door track and profiles system
The dragging movement allows the sequential opening and closing of all sliding doors acting on the handle
Different sets available, with and without glass cutouts
